Thanks, Bruce.

Kimberly,

Would you be able to help us with any questions about bonding as well as how the amount of the bonding requirement gets determined? If so, are you available for a brief conference call with Kevin and I tomorrow morning?

Thanks.

Hello Rich,

Our Enforcement office handles Financial Responsibility, and I have copied Kimberly Pardue-Welch on this e-mail. She can also be reached at 303-312-6983.

Thank you.

**Subject:** Water injection permits

Bruce –

You have been working with Mike Hackney from our office regarding some proposed water injection permits we are preparing. One of the steps in that process is to provide financial assurance or a performance bond. We have performance bonds in place for all of our current water injection wells, so we are familiar with how to get those bonds in place. However, we would like to discuss the timing of the bonding process as well as the methodology the EPA uses to determine the required amount of the bond. Would you be available any time Friday morning for a phone call with Kevin Dickey and me to briefly discuss these topics?

Thanks, Bruce.

Rich Beath
